

## ABOUT US

弘騏興業深耕汽車塑膠零件製造，提供高品質、快速交付的模具設計、加工與射出成型服務，涵蓋水箱護罩、霧燈蓋等AM市場零件。我們憑藉逆向工程與精密製造技術，確保產品精準耐用，以高效流程滿足客戶需求。

全新廠房進一步提升生產能力，我們同時專注於環保與人才培育，推動產業技術發展。弘騏興業以專業實力與可靠品質，成為客戶值得信賴的長期夥伴。

Hung Chi Industrial specializes in automotive plastic parts manufacturing, offering high-quality, fast-delivery solutions for mold design, machining, and injection molding. Our products include radiator grilles, fog lamp covers, and other after-market exterior components. With expertise in reverse engineering and precision manufacturing, we ensure durable and accurate products while optimizing efficiency to meet customer demands.

Our newly established facility enhances production capabilities, and we remain committed to environmental sustainability and talent development, driving industry innovation. With professional expertise and reliable quality, Hung Chi Industrial is your trusted long-term partner.

*Parts You Can Trust,  
Performance You Deserve*

## ADVANTAGES

### 高品質與精密製造

嚴格品管，確保產品耐用精準。

**High Quality & Precision Manufacturing:** Strict quality control ensures durability and accuracy.

### 快速開發與交付

逆向工程與高效生產流程，縮短開發時程。

**Fast Development & Delivery:** Reverse engineering and efficient production processes shorten lead times.

### 完整一站式服務

涵蓋模具設計、加工、射出成型至量產。

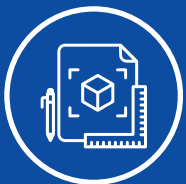

**Comprehensive One-Stop Service:** From mold design and machining to injection molding and mass production.

### 專業技術與設備

運用 CNC、放電加工等技術，提高製造精度。

**Advanced Technology & Equipment:** CNC machining and EDM enhance manufacturing precision.

### 彈性客製與OEM / ODM

滿足市場多樣需求，提供最佳解決方案。

**Flexible Customization & OEM / ODM:** Tailored solutions to meet diverse market demands.

## OUR SERVICES

模具設計與製造(CNC加工、放電加工)、  
塑膠射出成型、逆向工程與產品開發  
(3D掃描、快速試作、OEM/ODM 代工)。

Mold design and manufacturing (CNC machining, EDM), plastic injection molding, reverse engineering, and product development (3D scanning, rapid prototyping, OEM/ODM services).

## MAIN PRODUCTS

水箱護罩、霧燈蓋、保險桿飾條等...  
AM汽車塑膠零件，以及客製化中大型塑膠製品。

Radiator grilles, fog lamp covers, bumper trims, and other AM automotive plastic parts, as well as customized medium to large plastic products
